Glossary

FREERIDE: Freeriding refers to all-mountain, all terrain snowboarding. Freeride boards feature a directional shape primarily characterized by a longer, higher, nose than tail. This design allows smoother entry in snow and less chance of nose-dives in powder or variable conditions. In addition, the stance and flex pattern of directional freeride boards is set back from center to enhance performance when riding forward.

FREESTYLE: Freestyle riding refers to getting air, riding fakie, and spinning tricks in the halfpipe or park. Freestyle boards generally have relatively short nose and tail lengths, a centered stance, and a symmetrical flex pattern that allows balance riding forward or fakie. The shorter nose and tail are better suited for hardpack groomed snow and park riding.

LENGTH: The formula for length is quite simple. The bigger you are, and the deeper the snow, the longer the board you should ride. To further find your board length, figure out where you sit in the weight categories. If you are toward the high end of the weight category, go with the high end of the length recommendation. If you are in the low end of the weight category, go with the low end of the length recommendation.

WIDTH: Ideally your board should be wide enough so your toes and heels don't drag over the sides of the board, and narrow enough so that your toes and heels aren't too far from the edge of the board, when your bindings are mounted in the preferred stance.

SALES AGREEMENT AND RELEASE OF LIABILITY

SALE OF ANY EQUIPMENT IN THIS CATALOG IS EXPRESSLY CONDITIONED ON YOUR (OR, IF YOU ARE A MINOR CHILD, YOUR PARENT OR LEGAL GUARDIAN'S) AGREEMENT TO THE FOLLOWING TERMS AND CONDITIONS. YOU (OR YOUR PARENT OR LEGAL GUARDIAN) ARE REQUIRED TO READ THE FOLLOWING BEFORE PLACING AN ORDER.

I understand that snowboarding and skateboarding can be hazardous activities. I understand that the use of snowboard or skateboard equipment purchased from this catalog involves numerous risks of injury and death. Adverse terrain or weather conditions, poorly maintained equipment, the use of drugs or alcohol, and pushing the limits of one's abilities can increase these risks.

As consideration for the purchase of any equipment from CCS, Inc. by me or my minor children, I HEREBY RELEASE FROM ANY LEGAL LIABILITY CCS, INC., ITS OWNERS, AGENTS AND EMPLOYEES FROM ANY AND ALL LIABILITY FOR DAMAGE AND INJURY OR DEATH TO MYSELF, MY MINOR CHILDREN OR ANY OTHER PERSON OR PROPERTY RESULTING FROM THE SELECTION, ASSEMBLY, MAINTENANCE OR USE OF ANY SUCH EQUIPMENT AND FOR ANY CLAIM BASED UPON NEGLIGENCE, BREACH OF WARRANTY, CONTRACT OR OTHER LEGAL THEORY, ACCEPTING MYSELF THE FULL RESPONSIBILITY FOR ANY AND ALL SUCH DAMAGE, INJURY, OR DEATH WHICH MAY RESULT.

I FURTHER AGREE THAT ANY AND ALL LIABILITY OF CCS, INC., ITS OWNERS, AGENTS AND EMPLOYEES RESULTING FROM THE SELECTION, ASSEMBLY, MAINTENANCE OR USE OF THIS EQUIPMENT SHALL BE LIMITED TO THE PURCHASE PRICE OF ANY SUCH EQUIPMENT. I further agree that any suit or other legal proceeding concerning injury or death from the selection, assembly, maintenance or use of this equipment may be brought only in the courts of San Luis Obispo County, California. I consent to jurisdiction and venue of any such court in any such proceeding.

I have carefully read this Agreement and Release of Liability and fully understand its content. I understand that it provides a comprehensive release of liability as to myself, my minor children (if any) and all others to whom I may furnish the equipment. This Agreement and Release of Liability may not be added to or altered except by written agreement signed by CCS, Inc. It is not intended to assert any claim or defense which applicable law prohibits. The specific rights of the parties may vary from state to state.

SNOWBOARDERS: WARNING! The snowboard equipment you purchase forms part of or all of a snowboard/boot/binding system which is a NON-RELEASE system. This snowboard/boot/binding system does NOT reduce the risk of injury or death. The equipment should always be properly inspected before each use, and should not be used if any parts are worn, damaged, missing or loose.

The photographs we use picture professional skateboarders and snowboarders. The moves and stunts pictured should only be attempted by those with proper training and equipment. Skateboarding and Snowboarding ARE potentially hazardous activities. ALWAYS use common sense when using the equipment in this catalog. To minimize the chance of injury stay within your abilities and ALWAYS wear appropriate safety equipment.

MAILING LIST PREFERENCE SERVICE

From time to time we make our mailing list available to carefully screened companies that offer a product or service we think you may be interested in. However, if you do not want to receive mailings from other companies, please notify us **in writing** and we'll delete your name from all rental lists.

Come Say Hello.

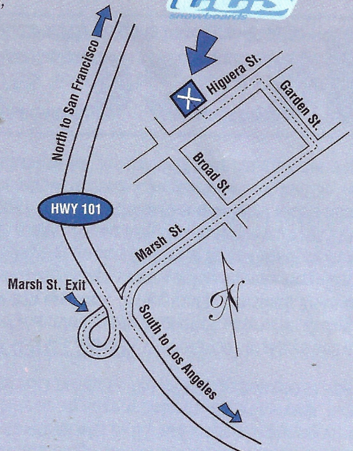
Hey, if you're in the neighborhood, come on by and check out our retail store. We're smack in the middle between Los Angeles and San Francisco.

Directions to the CCS Retail Store:

From Hwy 101 take the Marsh St. exit.
Follow Marsh St. 0.5 mile to Garden St.
Turn left.
Go one block to Higuera St.
Turn left.
CCS (Central Coast Surfboards) is at
736 Higuera St. on your right.

Store Hours:

10 to 6 Sunday through Wednesday,
10 to 9 Thursday, 10 to 8 Friday & Saturday.



CALL US TOLL FREE . . .

Salespeople are ready to help at **1-800-477-9283**
or from out-of-country at **1-805-541-6911.**
Mon. thru Fri. 6 a.m. to 9 p.m.,
Sat. and Sun. 8 a.m. to 5 p.m. Pacific Time.

A) GRAB HOLD OF THE ORDER FOR[illegible] WRIT[illegible] HAT Y[illegible]

–Include sizes and 3 color choices for clothing. If we sell out of all the colors you choose, we'll pick one for you.

–Be sure to include complete shipping address: Street Number, Apartment Number (if any), City, State, Zip and Daytime Phone Number.

–Faxed-in orders can only be paid by credit card (no C.O.D.'s please). For orders over $200, fax both sides of your credit card.

C) IF YOU HAVE ANY QUESTIONS ABOUT YOUR ORDER—before or after you receive it—just call 1-800-477-9283 and ask for our Customer Service Department, Monday through Friday from 8 a.m. to 4:30 p.m. Pacific Time.

Prices subject to change without notice. © 1997 by CCS, Inc. All rights reserved.

DE[illegible]RAPHICS, DIMENSIONS & COLORS Pros frequently come out with new deck graphics or change the dimensions of their deck. If you're set on the specific graphic shown, check with us to see if the pro has changed it. If deck dimensions change slightly (under 1/2") then we will send you the new shape, but if the shape changes drastically we will inform you of the change. And just to keep things interesting, the graphics and background colors of deck and wheel graphics will vary from one to another.

CLOTHING SIZES & COLORS Everyone has their own idea of what XL really is. When ordering through the mail, a good rule of thumb is that bigger is better. Solid colored clothing comes in an assortment of colors, so we let you pick. Plaid or striped items may be different than pictured—if so we will pick one for you.

DELIVERY **All CONTINENTAL U.S. shipments** are by UPS Ground or U.S. Mail unless otherwise requested. Rush shipping is available in the U.S. via UPS for an additional charge—see the chart below. **All orders shipped OUTSIDE the U.S.** are charged according to current international rates via U.S. Mail, unless otherwise requested. UPS international shipping is available at current rates. If there are any delays or problems, we'll let you know. Parts of your order may be shipped separately depending on our stock availability. No backorders on international orders.

RETURN & EXCHANGE INSTRUCTIONS We expect you'll be pleased with your purchase. However, if you would like to return all or part of your order for exchange or refund, do so within **30 days** from the invoice date. All items must be **unused** and in **like-new condition**. Clothing must be **unwashed**. Videos and ramp plans must be **unopened**. All returns and exchanges will receive prompt attention, and we will make every effort to expedite the handling of your return request. Please be certain to complete the form on the back side of the invoice that is shipped with your order to assure the quickest service possible. For your protection, we suggest you return your merchandise via UPS or insured Parcel Post. We do not accept C.O.D.'s. **No skateboard or snowboard deck is completely guaranteed**. Once the deck has been used it cannot be returned or refunded. For more information, read the "Tips" on page "Order 4". The only exception would be a manufacturing defect. To return merchandise that is defective please call our **Customer Service line at 1-800-477-9283 or 1-805-541-9284**.

SHIPPING & HANDLING RATES From the chart below, find the total of your merchandise order, your shipping destination, and choice of UPS service (if in the continental U.S.). Add the correct amount to the "Shipping & Handling" line above the "Total Due" line on the order form. CCS is not responsible for additional charges (taxes & duties) imposed by the customer's country.

Merchandise Total	Cont. U.S Ground	Cont. U.S. Standard Air	Cont. U.S. Next Day Air	Alaska/Hawaii Puerto Rico	Parcel Post APO/FPO/Canada	UPS Express to Canada*
Under $69	$5.75	$10.50	$25.00	$20.00	$11.75	$30.00
$69 to $149	$8.75	$18.75	$40.00	$25.00	$16.75	$45.00
$150 to $749	$14.75	$26.50	$55.00	$30.00	$19.75	$60.00
$750 & Over	$21.75	$50.00	$75.00	$50.00	$22.75	$80.00

*For UPS Express to Canada: a $20 surcharge applies to deliveries to "extended areas." Ask your operator.

Please detach envelope and order form along perforations.
Fold and seal gummed flap. Thank you for your order.

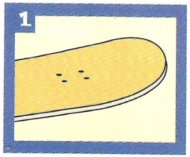
CCS MAILORDER

HOW TO ORDER A COMPLETE SKATEBOARD:

When ordering a complete from CCS, follow the numbered boxes to locate the seven parts of the complete.

1

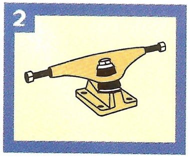


DECKS

PAGES 2 THRU 15 &31

Decks are available in wood and/or slick and they come in a variety of sizes. Most of the woods are 7-ply Hard Rock Maple, although we do offer a couple of 6-ply decks meant for lighter riders. Slicks are 7-ply maple with a thin layer of plastic on the bottom which allows them to slide easier. Approximate width and length are provided along with our decks to aid you in your buying decisions. Personal preference and experience best determine what size deck you should ride. All of the decks on pages 2-14, and 31 are good for skating street. The longboards on page 15 are best for cruising and transportation.

2

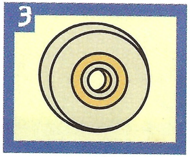


TRUCKS

PAGES 16 & 17

Trucks come in various heights and widths. Truck axle width should be closely matched to your deck width – it is okay to go a little wider than the deck, but if your axle width is shorter than your deck width, then the ride may be less stable. Trucks heights only differ by about 1/4". If you use bigger wheels, then you should either use higher trucks, risers or both to avoid wheelbite (contact of wheel with deck during sharp turns).

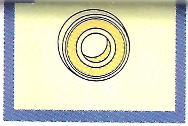
3



WHEELS

PAGES 18 THRU 21 & 31

Wheel sizes range from 45mm to 112mm. Most of our wheels are below 60mm, made of high-quality hard urethane and are best for skating street. Wheels above 60mm are usually made of a softer urethane, and are better for skating fast or for cruising on a longboard.

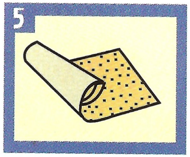


BEARINGS

PAGE 24

All of the bearings that we offer are high-quality pre-lubricated precision bearings. Bearings can be installed or removed with skateboard tools like the ones on page 27. To extend the life of the bearing, maintenance lubrication is recommended (for lubricants see page 27).

5

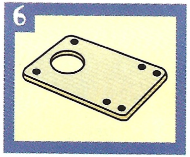


GRIP TAPE

PAGE 24

Grip tape is a modified form of sandpaper produced specifically for skateboarding. Its abrasive grit provides the traction necessary for staying on the board. An unfortunate side effect is that it also lessens the lifespan of the rider's shoes.

6

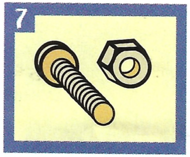


RISERS

PAGE 25

Risers add to the height at which the skateboard rides, and are used to eliminate the chances of wheelbite during turns. For wheels between 50 and 58mm, CCS recommends the use of 1 set of risers, which is included with our completes. With wheels above 58mm, we recommend you purchase 1 or more extra sets. However, these are only recommendations, and you may want to experiment with different ride heights. Foam pads, like Shorty's Shock Pads and Short Stacks, reduce impact pressure and vibration (see page 25).

7



HARDWARE

PAGE 25

CCS uses 1-1/8" bolts on our completes because they will fit with 1 to 2 risers or no risers. When using 3 risers use 1-1/4" or 1-1/2" bolts. With 4 or more risers you will need at least 1-1/2". Some bolts come in allen or phillips head, which only affects the installation and removal, not the ride.

SKATEBOARD OWNER

Water Damage If you want your skateboard to last, stay out of the water! It will rust your bearings, cause your deck to come apart (delaminate), and eventually destroy your bushings. Avoid wet conditions.

Board Breakage The main cause for cracks or breaks is improper foot placement when landing jumps. CCS will not replace broken boards or ones with pressure cracks, so skate smart.

Adjustments to Completes
Since the nuts may loosen during shipment, make sure they are secure when you receive your complete. Even though all the hardware is self-locking and should stay snug, check it regularly anyway. Your trucks' king pin nuts should be tightened or loosened to turn to your liking. At first, you may notice that it seems like the trucks stick to one side or that all of the wheels don't touch the ground when you step on your deck. This is due to the new urethane bushings in the trucks. The bushings will take time to break in, depending on the amount of use the trucks receive. Also, wheels should have a slight bit of "play" without being loose.

Skate Safely Don't skate beyond your ability. The skateboarders pictured in this catalog are professionals, and we would make them wear safety gear if we could. Do not follow their bad example. Always wear safety gear and watch for traffic. Safety gear is located on page 28.

Bjorn Leines.

Glossary

Camber: Reflects the board's arch as a vertical line measurement. This is a preset tension in the board that provides rebound in turns. A higher number is generally preferred in boards designed for freeriding.

Effective Edge: The length of the edge actually in contact with the snow when the board is flat.

Height Tip-Tail: Height of nose and tail measured in a straight vertical line from the snow surface. Highly dependent on the lengths of the nose and tail.

CAMBER (mm)	STANCE (in. mounting range)	STANCE SETBACK (in.)	INSERTS	INSERT PATTERN	CONSTRUCTION TYPE	CORE (construction type & material)	TOPSHEET	BASE MATERIAL	FLEX TIP	FLEX BODY	FLEX TAIL

Glossary

Length Tip-Tail: A shorter nose and tail results in less swing weight for freestyle oriented boards. Longer measurements are better suited for freeriding and powder conditions.

Setback: Measures the orientation of the center of the stance from the center of the board.

Sidecut: The curve radius on the side of the board. A smaller measurement reflects a deeper sidecut and a board that turns more sharply.

Waist Width: The narrowest width measurement at the center of the board.

GLOSSARY OF TERMS

More definitions on pages 14-15.

Construction:
- **Sandwich** — box-type construction with vertical sidewalls.
- **Cap** — topsheet wraps to replace sidewall.

Directional: A board with different shapes at the tip and tail. All our directional boards have very subtle differences in the tip and tail. We won't send you a race board . . . just a good all mountain board.

Freeride: A board designed for all mountain riding (including freestyle). As much at home in the powder and trees as in the park.

Freestyle: A board designed for getting air, riding fakie, and spinning tricks in the halfpipe or park.

Twin-Tip: A board which has symmetrical tip and tail shapes and measurements. Best for freestyle but also common for a versatile freeride board.
